

Welcome!

If you are reading this, then you have traveled to Karlsruhe, found the conference location and managed to sign in. Relax: The complicated bits are behind you, and you can now enjoy the conference.

This booklet tells you everything about our planned schedule for the two conference days and the hack day on Sunday, but note that this is the planning as of two weeks ago, and last-minute changes are not impossible.

The central conference location with registration desk and coffee breaks is on the ground floor of building B. Talks will be held in the auditorium in building B (ground floor) and the one in building A (1st floor, signposted "Aula"). Consult the map on page 13 if you're unsure where to go.

There will be lightning talks and possibly also BoF sessions during the conference. Lightning talks are in the auditoriums, and for BoFs we will make available rooms on the 1st floor of building B; there will also be a "chill out room" where you can work on something quietly if you want. If you want to hold a BoF or a lightning talk, please add yourself on the appropriate flip charts that we will place near the registration desk.

The registration desk is also your port of call if you need support or help of any kind. There's a telephone number that you can call if you need help with anything: +49 xxx xxxxx.

We hope that you will enjoy your stay!
